Horace Symon Esq
Stone Grove

Dear Sir!

Your valued favor of the 4th was duly received and noted. — Have consulted with bro. Parrish and Mines as requested. — Mines is crowded with work just now, but says will undertake the task of publishing the Church history as rapidly as he can, upon the condition that the Committee will help him in selling the books when completed. By that, he means, to have them see their influence in aiding him to dispose of same. If you have the manuscript ready, better send it either direct to him, (Mines) or to Mr. Parrish, as soon as convenient. — Reg to return Bro. Eells letter.

Fraternally in Christ
