Governor Atiyeh

Dear Governor Atiyeh,

As you know, our class spent several weeks focusing on citizenship and the role of citizens in society. Your visit and engaging talk allowed eighth graders the opportunity to meet and ask questions of one of Oregon's great civic leaders. They were duly impressed and have quoted or rephrased Governor Atiyeh comments often. We so appreciate you taking your time to share your experiences and beliefs and add to our class learning.

On a personal note, my dad so enjoyed seeing you again. He has many fond memories of the years working for you.

Again, many thanks.
