RECEIVED

GOVERNOR'S OFFICE

Dear Governor Atiyeh:

It was a real pleasure to see you again during our recent Oregon Plant dedication. I would like to express my sincere appreciation to you for taking time out from your very busy schedule to attend the dedication ceremony.

Without your long-term guidance and support we could have never brought about this day of celebration. I am very grateful to you for this.

In all of our experiences, the people of Oregon have given us the warmest welcome yet. We feel very fortunate to start operations in Oregon with this kind of reception.

I feel confident that the warm support we have experienced so far clearly indicates that both of us can grow together. The Oregon Plant is part of the local community and economic future. I hope that we can contribute to the economic growth of Oregon State by bringing NEC's high technologies and production knowledge to Oregon, and thus encouraging local employments in the State.

Again, I wish to thank you very much for all the support you have given us.

Sincerely yours,

  
Koji Kobayashi
