Dear Sir

Can you furnish for the  
Library of Pacific University (containing about  
6000 vols) copies of the "Laws relating to  
Indians," and "Reports of Indian Comm"  
for <sup>66-8, 73-4,</sup> since 79 & since 82. The location of  
the Indian school <sup>here for some time</sup> as well as the ~~own~~  
character & aims of our university have  
caused much attention to be paid to  
that subject in this neighborhood, & it  
would be of <sup>much</sup> service if we had ~~also~~ a  
good collection of government works on  
the subject.

P.S. For humanity's sake keep the  
Indian schools, out of <sup>Politics</sup> if you  
can. It was a sad blow to displace  
Agent Eells, an earnest and ~~an~~ honest &  
efficient man.
