Governor's Office

November 25, 1986

The Honorable Victor Atiyeh  
Governor  
254 State Capitol  
Salem, Oregon 97310

Dear Governor Atiyeh:

On behalf of Fujitsu America, I congratulate you on your contribution to the State of Oregon during your eight years in office.

I want to personally thank you for welcoming my company to your state. It was the high level of cooperation by you and local officials that made it possible for us to locate our disk drive plant in Hillsboro. From the beginning, Fujitsu America employees have been impressed by the beauty of Oregon, but even more so by the people, such as yourself, who represent it.

I hope that the relationship between my company and your state, which has had such an auspicious beginning, thanks to your efforts, will continue to grow and prosper in the years to come. As this relationship grows, your contribution to its inception will be remembered and appreciated.

Again, congratulations on your successful term of office. Best wishes on your future endeavors.

Sincerely,

Masaka Ogi  
President,  
Fujitsu America, Inc.
