Good Evening

Outstanding Business

Baker Rock Resources

Dal Baker, Gary Baker & Jan Baker-Carlson

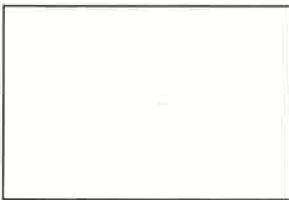

CAO's Outstanding Business Award is given to a business that has demonstrated concern for our mission and exhibits an exemplary attitude and commitment to ongoing involvement and support of the Washington County community.

This year, Community Action selected Baker Rock Resources to receive this award. This family owned business is led by Dal Baker, her son Gary Baker, and her daughter Jan Baker-Carlson. Over a hundred local community organizations have benefited from their generosity, including Tuality HealthCare, Jackson Bottom, Noble Woods, Washington County Historical Society, and Community Action.

Outstanding Business Leaders

Russ & Pam Wilkinson

CAO's Outstanding Business Leader Award is given to an individual who has demonstrated support for our mission and a personal commitment to strengthening the Washington County

community. This year, Community Action selected Russ and Pam Wilkinson to receive this award. Individually, and as a team, they have given their time, talents and resources to the Hillsboro Chamber of Commerce, the Hillsboro Sunrise Rotary, Soroptomists International of Hillsboro, the Hillsboro Actor's Repertory Theater, LeTip International of Hillsboro, Community Action and our Head Start Policy Council.

Leroy Bentley, *Event Chair*

Leroy retired as GTE's General Manager last year. He has a long history of active involvement in our community and was recognized as the "Outstanding Corporate Leader" at Community Action's first community partnership dinner in 1998. Currently he serves as our "fantastic" Chair for tonight's event.

Elizabeth Furse, *Mistress of Ceremonies*

Elizabeth has been a long time supporter of Community Action and is well known for her leadership and advocacy around peace initiatives, diabetes research and issues affecting Native Americans. During her six years in Congress, she accomplished much and left us all feeling very proud to be represented by her.

Jim Johnson, *Keynote Speaker, Intel*

Jim Johnson is an engineer who has held many positions with Intel since he joined them in 1974. Currently, he is responsible for managing Intel's relationship with various government, community and business organizations and makes decisions on matters which broadly affect Intel and Oregon, including facility expansions and employee relations.

Angel Griffin, *CAO's Opening Doors*

Angel is a VISTA volunteer with Community Action's Opening Doors Program. She has a story of incredible personal achievement that she will share with us tonight. We are proud of her inner strength and humbled by her courage.
