Channel 12 KPTV

3/26/84

Gary Hill

Oregon Governor Vic Atiyeh is now halfway through his trade mission to the Middle East and the Governor is already calling the mission a great success. Atiyeh says the trip would have been successful if his group had just made an impact but the Governor says sales are also coming Oregon's way.

Now today the group flew to Atiyeh's ancestral home, Syria. He is scheduled to end his trip with a visit to Israel.
