Veronica Guzman

6

Veronica : No

Veronica : We are from Mexico Michoacan Mexico

Veronica : My father usually stay here for a long time and two years ago we just came and I think that we are better

Veronica : Oh I don't know I think it was because my father was living here so it was the only place that I was

Veronica : My father was in collage in Mexico but my mother was just in middle school Yhea they support me

Veronica : I think the system is good because it helps allot when you have ESL class because you can learn words and ask for help to the teacher because they speak a little Spanish so that's good

Veronica : Ohh last year maybe in June Ms. Perez said if I wanted to be in summer classes and I went to summer classes like three weeks and after when I just began the year I began the Spanish

Veronica : I think the Spanish news is important to have because they're are allot of students that don't understand English so if they see Spanish news they can be involved in the school and I don't know I think that is important

Veronica : I think sometimes it separate them because of some teachers don't let the students see the spanish news I have heard that some teachers immediately change the channel so I don't know so its no good sometimes

Veronica : I think so yes because there are allot of students that are from other countries and they have to see English news and sometimes they don't understand so I think if there are system for Spanish news that's why I think its important

Veronica : In information in sometimes we have advice for students when they barley enter we all so talk about different programs that esl department has sometimes we like students we don't know about programs and if an other person can give this information that good to have it

Veronica : We have talked allot about parents conference that it is one months and it is important because there are important people that talk about how you can have successful students and also it is open for liberty hillhi and other schools and we talk allot about film about that we interview.

Veronica : I think so liberty has Spanish news but I don't think it is like a class it is kind of voluntary I'm not sure

Veronica : Yes it is class in the morning A days yhea and we are in class just like the other students in jag tv

Veronica : I think so it can be good if you have everyday but I think we need like a big group because we just are two that are in the class and if it were more like seven or more in group it could be good if was everyday

Veronica : Amerani remirez we have volunteer but we don't have like a big class in Spanish news that can help in editing and film and everything like that

Veronica : I think so yes maybe three years ago im, not sure

Veronica : Maybe three years ago but it was Ms. Perez
Im not sure but I have heard that there are computer classes im not sure about that but I think so there are programs sometimes we don't know I don't know

Veronica : A little

Veronica : No

Veronica : Yeah I have learned english two years ago and when I just came I didn't know english now I can talk and understand back not very well

Veronica : Sometimes I think so yes because we have the opportunity to do something but sometime I think when we are like separate from other student like when you take esl classes like health or other classes you have other person that helps and sometimes they help allot I think so sometimes they want to do the job that's not their job its our job

Veronica : I don't have friends who speak allot English I have friends but they are from veitnam they are veinamies people but I think so their allot of people that speak allot English and they speak English and Spanish at the same time but I don't talk allot

Veronica : I think so the esl classes help allot but sometimes we like more not allot help like I do0tn know but we usually its difficult to learn allot because we have people that help speak Spanish I think when veatnamise and other people speak English its better for them because other people don't speak viatnamise and we have people who speak Spanish around the school

Veronica : Sometimes the people that help in the classes how do you say enterprte
Translator yeah sometimes the translator I think they need help but don't do the job for the student

Veronica : I think so yes

Sometimes but no

Veronica : my school

Veronica : no I don't think so

Veronica : no

Veronica : yes im esl three

Veronica : sometimes after school I was coming here but now I don't have last period so I go early

Veronica : I think so yes the district is trying to help I think so yeah

Veronica : I think so I don't know why there are a lot of people that help Spanish students but vietnamies people or other countries they don't have translator it is not fair sometimes

Veronica : Yeah I am in latimos cin fornters that is for Hispanic students yeah I think so there are Hispanic students just we have the opportunity I don't think it can be vietnamies im not sure bur there are no vietnamies or other students

Veronica : Lations sinfornteras help in different event for example we have done some dances that was san valentines and spring dance last month and also when it was thanks giving we collect food for people who need a basket of food also we went to the street to ask for empty cans for money for a schlorship and we we are going to do a car wash to pay money for same reasons and the schlorship

Veronica : Yes it is just for Hispanic students

Veronica : Yhea

Veronica : I have politics with Msr. Rogers that is a regular class I have health and accutally I was taking mathamatics in regular class

Veronica : No in politic classes it just me but in health we have person who help I don't like health class because we have allot help sometimes the teacher I don't know maybe they think that we can not do something because we don't understand but like regular classes more than the other classes

Veronica : Because when we are doing something sometimes they almost want to say the answer almost and I think its not fair we can do sometimes we are lazy but sometimes we can do it but I don't I like more regular classes

Veronica : Yeah

Veronica : I think we can decide when we want help yeah its better because I don't know but it is better ask when you really need it not just because you don't want to do the job.
