I called at Elens. Gueman is much better. Dr Wallaces medicine is helping him.

Ellen was much surprised at Frank's loving words to you. Thinks it was about time he was showing some feeling. I called in at Pas. He is about the same. Met me at the door.

Had just got a card from Luisa who had reached Tucson Springs that day (no date) was detained 2 days at Red Bluff on account of

high water. Had a rough ride on stage. ^{Don't like the water here.} I am anxious about you. I would write to her only that I suppose Doc keeps her posted. I am writing in Mullings office (Mrs Goff once Jennie Atcherson) inquired about you and.

wished to be remembered to you.
I told Nutting to send you the weekly
Democrat. Thought home news
might help to enliven your
loneliness.

I brought in cream again today.
Will take out some feed for
chickens & cows.

Beens are laying about as when
you went away 5 to 10 a day.
It is going to storm again I
think by morning.

The G.R.s have a Leap Year
social tonight - but I can't come
in.

I am glad you have a good appetite.
It is no wonder you feel weak after
fasting and the operation.

Will hardly write tomorrow.

Dear heart! I love you more and more
and earnestly pray for your recovery.

With love & kisses Affectionately Yours
Lynne H. H. Allen
