Attached is a report by Major Lamkin on the Concerned Citizens' meeting last week. It appears several celebrities were there, including Michael Stoops.

I spoke with Michael this morning by telephone. His estimate of the number of "dumped" street people in Portland has dropped to 50. He sounded quite rational.

At Michael's urging, I agreed to try again to meet with him at 9:30 a.m. on Tuesday, October 16, so I can discuss mutual concerns and become better acquainted with his facility.
