Dear Governor Atiyeh:

In the spirit of cooperation and believing a new Governor ought to have the right to appoint members of this Commission, I am submitting my resignation from the Economic Development Commission, effective January 12, 1987.

Congratulations on the announcements concerning NKK and Albertsons. I am well aware of the effort that went into these projects from your administration and the critical coordination with Governor-elect Goldschmidt to make it happen. It does make this holiday season brighter.

Governor, it has been an honor serving as a member of the Economic Development Commission.

Thank you for the opportunity to be of service to the State of Oregon.

Sincerely,

Bob Baugh
Secretary-Treasurer
