Dear Sir & Father

Your note rec'd

yesterday. I think it would be a good plan to hire
Rizis I am glad you got Mr K. Mary says
she wants the trees set out straight by all means.
and we judge it will be done, as K speaks of using
stakes. It seems strange to hear of so much rain
there. We had a good rain last Monday night, enough
to lay the dust & wet down perhaps an inch.
Tuesday had a warm south wind thermometer up to
76 in P.M. Has been good weather all the week.
Had a small shower of 15 or 20 minutes last night -
but is quite clear this morning, with wind N.W. so
I guess you'll have better weather in the Valley.
Again we say dont spare any expense to have the trees
well set-out. We are all well. Hastily Yours
C. H. Walker
