HILLSBORO, OREGON 97124-3089
[503]648-7163

June 14, 1993

To Whom it May Concern:

Oregon Legal Services takes great pleasure in expressing support for the Capital Campaign which has been recently begun by Washington County Community Action Organization. Our Hillsboro Regional Office is one of the many successful programs in this community which was originated by WCCAO. Throughout our history, the staff and programs of WCCAO and OLS have enjoyed an excellent working relationship. The advocacy efforts of our Migrant Farmworker unit has produced tremendous results in conjunction with various WCCAO staff and volunteers. Our Tenant Hotline and Welfare Hotline have benefitted from superlative support and collaboration. Clients of one organization are regularly referred to the other, with great success.

WCCAO has long been a recognized leader in the local social services community. The plan to build a Multi-Service Center will undoubtedly enhance that well-deserved reputation. The creation of a single point of intake for their full array of services, together with the projected monetary savings and increased efficiency, will be of inestimable value to the entire community.

Sincerely,

Kent B. Thurber
Regional Director
