Dear Mama

Just a few lines this morning. I worked all day yesterday finishing the work of blocking out the Annual Report & Sam worked until after one o'clock last night - making out two other copies. I think it is the special report - I have ever written. Sunday after sunrise I spoke to the Indians about leading the smaller school children while they were gone off hop picking. When I got through Pat (was so) got up and said "Waka close wowa copa school ok ok sun. Ok ok sun Sunday. pose to wotters wa wa has close. I could hardly keep my seat, but I did. Pat told Sam yesterday that he was going off hop picking. If he does there will be one house less when he comes back. Mr L is in favor of it. I am afraid there will not be many scholars next Monday. but I have done my duty. Thompson & Lester have

not dissolved yet. - are still partners. Don't know what -
they will do. The trade fell through with.
No letters came yesterday. I look for one from
you tomorrow.

Well bye bye, and with it lots of love &
Kisses. It's about time to make up the mail.

Affectionately Yours
