Dear Vic,

Who in the world ever wanted
an open convention or Robert's Rules of
order?? Crazy idea.

I thank you very much for
allowing convention goers their day
of glory. The one problem being - lots
of times they were terrible. It is great
to have legislators like you to help us.
Otherwise we would have become
extinct a long time ago. There aren't
very many people in this world today
that are as kind and considerate as
you are. Especially if they have been
involved in politics more than a month.
You are great!

Carol
