

October 15, 1985

Douglas Greene  
Country Officer for Syria  
United States Department of State  
Washington, D.C. 20520

Dear Mr. Greene:

I believe you will find that Gov. Atiyeh is very careful about what he says to officials in Syria. He has never sought to insert himself into a situation while, at the same time, he is always willing to be of help if needed.

The Governor has expressed a desire to meet personally with Ambassador Eagleton. We realize that the ambassador will be busy with many things during our stay, but perhaps a dinner or luncheon meeting might be possible. Anything you can do to arrange this would be appreciated.

Again, thank you for all your help in putting together this trip. I have enclosed a final version of the Governor's schedule for your information.

Best regards,

Denny Miles  
Administrative Assistant to the  
Governor for Communications
