

STATE OF OREGON

INTEROFFICE MEMO

Dec 7
3:30

TO: Governor

DATE: December 6, 1983

FROM: Denny 

SUBJECT: Kasey Christerson

DEC 07 1983
Governor Amey

You will be attending a short reception on Wednesday at 3:30 in honor of Kasey Christerson. Kasey will be retiring with her husband to the Oregon coast and December is her last month as a volunteer in our office.

I don't believe anyone else in the Governor's Office has equaled Kasey's volunteer record. Beginning in early 1979 she alone took on the responsibility for the complete indexing and cross-referencing of all news releases, speeches and letters released from the Communications Office to the press. For her this involved a minimum of a half day each and every week in this office for the last five years.

If you have wondered over the years how we have been able to find some obscure news release issued some time in the indefinite past, it has been Kasey's wonderful work that has made it possible. I don't believe that any previous Oregon governor has his official releases so well cataloged.

Kasey was also heavily involved in the scrapbook project. It was her leadership that got us caught up on this project.

You should also know that Kasey was one of the most active volunteers for you during the 1977 session in the Senate Minority Office.

Needless to say, we are losing someone who has made a major contribution over a long period of time to your administration and all as a volunteer!

DM:mab

P.S. I suggest you give her one of your pins! son
