Prof. Jos Marsh  
Forest Grove.

My dear Sir:

The week is so much broken from the fact that the procession of yesterday was greatly delayed that I could not reach the train without leaving the books which, under the circumstances for me would have been a considerable great disservice. And as I could only reach the Grove for drill Thursday & Friday, and there is so much I ought really

to do here that I have  
decided not to return  
until next Monday.

May I ask you to  
be announced.

Yours very truly,

W.C. McKinstry
