The Honorable Victor Atiyeh
Governor of Oregon
State Capital
Salem, OR 97310
U.S.A.

June 26, 1985

Dear Governor Atiyeh:

I was quite impressed and honored with your kind personal message Mr. Kennedy delivered to us on your behalf when we visited the office of Portland Economic Development Commission. Thank you also for the thoughtful gift in my hotel room.

For all the work you put in personally, I regretfully know how much you were disappointed with our decision. Please note, however, that RCA/SHARP has selected the Portland Metropolitan Area for our home, as the June 23 issue of the Oregonian so aptly stated "Oregon officials share credit for RCA/SHARP". In my opinion, they deserve more than that statement. In fact, RCA/SHARP was lured to the Portland Metropolitan Area due to the diligent and heartwarming efforts and cooperation of those people of Oregon that were involved in the project in their respective roles.

I owe special thanks to Ms. Gerry Thompson, Mr. Thomas Kennedy and Mr. Rick Schulberg of the State Economic Development, and Mr. Pat LaCrosse, Mr. Peterson and Ms. Burreson of the Portland Economic Development and of course many others.

RCA/SHARP will require the support of the Portland Metropolitan Area and will try to contribute to the community as its member.

I certainly hope that we will be able to see each other in the near future. May I wish early recovery of your health.

Very truly yours,

A. Asada
