INTEROFFICE MEMO

TO: Shirley Woodrow

DATE: March 9, 1982

FROM: Gerry Thompson

SUBJECT: EFSEC

I received several calls regarding the possibility of appointing Laura Parrish to EFSEC. Several people are very concerned because she is reported to be a way-out liberal and is believed to be a strong environmentalist and anti-nuke. Someone, can't recall who, said that a good person to check with would be Tom Hoyt, who is apparently very much against her being appointed.
