The Honorable
Victor Atiyeh
Governor of Oregon

Dear Governor Atiyeh:

I was pleased to visit your beautiful state in September and to have gained your acquaintance at the JWA Senior Executive Meeting.

Your preliminary arrangements for this visit by our Ushio group is greatly appreciated. I would also be grateful for any cooperation you can extend to them during their stay.

I will be looking forward to the group's report on their findings which will enable us to finalize the operation in the state of Oregon.

Cordially yours,

Jiro Ushio
