ATTESTATIONS

I, the undersigned agree:

1. That I shall not be an employe, director or a consultant to or have any pecuniary interest, other than an incidental interest which is disclosed and made a matter of public record at the time of the appointment to the Council, in any corporation or utility operating or interested in establishing an energy facility in the state or in any manufacturer of related equipment.

### DEFINITION OF ENERGY FACILITY:

Energy facilities subject to the Council's jurisdiction are generally large facilities which produce or transmit energy for a utility system as opposed to equipment which saves or produces energy for individual consumers such as residential solar or small wind devices. Specifically, the following types of facilities are included in the term "energy facility" which defines the Siting Council's jurisdiction:

1. All electric generating stations including a nuclear power or fossil fuel plants of over 25 megawatts (MW). However, for certain energy recovery energy facilities only, the Siting Council's jurisdiction does not begin until the production of at least 50 MW. These energy recovery facilities are facilities which are designed to be fueled by wood, municipal wastes or solid wastes.
2. Any nuclear installation such as nuclear fuel processing plants.
3. All high voltage transmission lines which exceed ten miles in length with a capacity in excess of 230 kilovolts (KV) and which cross more than one county.
4. Large solar energy facilities which use more than 100 acres of land or provide more than 25 MW of power.
5. Pipelines for the transportation of crude petroleum, liquified natural gas, other fossil energy including natural gas and synthetic gas or geothermal energy using pipelines for five or more miles in length.
6. A synthetic fuel plant or any size which converts resources such as coal, oil, or biomass to a gas liquid or solid product for energy.

The Siting Council also regulates transportation of radioactive waste in Oregon, underground storage of natural gas, certain low level radioactive waste storage and uranium mills.

## PREPARATION FOR SENATE CONFIRMATION

APPROXIMATELY ONE-THIRD OF THE BOARD/COMMISSION APPOINTMENTS ARE CONFIRMED BY THE SENATE. THE APPOINTEES SHOULD BE ADVISED OF THE CONFIRMATION REQUIREMENTS PRIOR TO APPOINTMENT. AFTER THE APPOINTEE HAS RECEIVED THE OFFICIAL APPOINTMENT LETTER THE GOVERNOR'S ASSISTANT SHOULD CONTACT THE APPOINTEE AND EXPLAIN THE SENATE CONFIRMATION PROCESS.

APPOINTEES SHOULD BE PREPARED TO ANSWER A WIDE LATITUDE OF QUESTIONS ABOUT THEIR PERSONAL QUALIFICATIONS FOR THE POSITION AND ASSETS THEY WILL BRING TO THE BOARD/COMMISSION. THEY SHOULD NOT BRING A BIASED VIEWPOINT BUT HAVE AN OBJECTIVE VIEWPOINT.

STATE OF OREGON

INTEROFFICE MEMO

TO: Ede Schmidt

DATE: December 9, 1982

FROM:  Jim Russell

SUBJECT: Agency Head Reappointments

Beginning next month and running through the remainder of 1983, many directors will have served Governor Atiyeh for four years. The issue of reappointment has arisen because Article XV, Section 2 provides:

"When the duration of any office is not provided for by this Constitution, it may be declared by law; and if not so declared, such office shall be held during the pleasure of the authority making the appointment. But the Legislative Assembly shall not create any office, the tenure of which shall be longer than four years."

These agency heads hold "offices" falling within this Constitutional provision.

As indicated in the attached list of individual appointments, most of these officers serve at the pleasure of the Governor rather than for specific terms. Because they serve for indefinite terms and at the pleasure of the Governor, the four-year limitation does not apply and reappointment is not necessary. 39 Opinions Attorney General 649, 651-652 (1979).

However, reappointment was intended by the Legislature for those seven agency heads with statutory four-year terms. In effect these agency heads are appointed on the same basis as a citizen appointed to a board or commission for a set term.

Nevertheless, the Governor has authority to defer appointment or reappointment to an office. If so, the result would be the same as if the person served without term and at the pleasure of the Governor. This is because Article XV, Section 1 of the Oregon Constitution provides that all officers shall remain in office until successors are both appointed and qualified. Although this constitutional provision was intended to allow an officer to temporarily hold over for a brief period, the Oregon Supreme Court has construed it as allowing the incumbent to hold over without limit in time. 39 Opinions Attorney General 619, 622-623 (1979).

STATUTORY APPOINTMENTS OTHER THAN TO BOARDS AND COMMISSIONS

The Legislature has enacted statutes empowering the Governor to appoint persons to individual offices. The usual case involves appointment of a department or agency head. However, other offices also exist such as the State Affirmative Action Officer, the Corrections Ombudsman and the Long Term Care Ombudsman in this office.

I hope the list is complete. It has been compiled from the records in your office, from my telephone directory, and from my statutes.

The listing is in four categories, based on the presence or absence of a set term and on the presence or absence of a Senate confirmation requirement.

I.

The following offices have no set terms and require Senate confirmation. All of these officers serve at the pleasure of the Governor.

Department of Agriculture	Oregon State Fair
Executive Department	Dept. of General Services
Commerce Department	Dept. of Veterans Affairs
