

New Tacoma, W.T.

Dec. 20th. '82

Prof. J. W. Marsh,

Dear Sir:

With much
regrets for not being
able to go to school
this year, for the
Presbytery, which has
me in charge, has
decided, according to
the directions of the
Doctor, to delay my
studies till my eyes
should get better.

The doctor said
that the quickest time
my eyes can be
cured is three mos.

A. J. Baker told me

of your letter of late
and its contents.

He is very anxious
about my education
and I do not wish
to miss ^{the} chance of
getting an education
while I have the chance.

Your humble
Friend

P. C. Stamp.
