November 14, 1979

at 8:30 a.m.

Room 167

UNIVERSITY OF OREGON

Event: Speech

Time: 10:00 - 10:55 a.m.
Wednesday, November 14, 1979

Location: McArthur Court

Introduced by: President William Boyd

We are expecting approximately 3,000 people. All the high schools in Lane County have been invited to send students, as have the local community colleges. Many have indicated they intend to do so. The general public has also been invited.

The location is our basketball pavilion, so we will be able to accommodate even more than 3,000.

There will be three microphones on the main floor for use during the question and answer period.

On the stage with you will be President Boyd and Governor Atiyeh.

UNIVERSITY OF OREGON

Event: News Conference
Time: 11:30 - 11:40 a.m.
Wednesday, November 14, 1979
Location: Room 146, Straub Hall
In Charge: Barbara Petura
Director, News Bureau

We are expecting approximately 75 members of the media, from more than 40 media organizations. They represent daily and weekly newspapers, radio and television stations. Included are AP and UPI, both Portland dailies, three Portland television stations, OEPBS (Oregon's public television), virtually all Eugene media, and a good representation of dailies, weeklies and radio stations from around the state.

You can expect to be questioned about the Iranian situation. Muslim students, a subgroup of the Iranian students, held a peaceful demonstration here last week, greeted by cat-calls only. However, tensions have escalated since then. At a news conference last week, Reza Behman (UO doctoral student in political science, spokesperson for the Muslim Student Association), suggested there is a "Shah Lobby" that got the Shah into the United States. The student listed "Nixon, Ford, Kissinger, Rockefeller, Jackson" as part of that lobby.

There have also been demonstrations in Portland. Of course, tensions have increased greatly throughout the country, and will be felt here.
