I ought to say of Mr
Yarnum. That Pres^t Stur-
tevant writes that he is
perhaps the best linguist
that they have graduated -
He is a popular teacher &
a fine fellow generally - Un-
til now it has been his pro-
pose to go to Andover - His
time in Pres^t Sturtevant's fam-
ily has familiarized him
somewhat to the trials & dif-
ficulties of our work -

On the whole I consider
him as one of the best fruits
of my visit here - If he is

It is not possible is it
that, in case I Caroline
strut myself before the
world, that any Oregon-
ians will talk of a Pacific
Confederacy - - - except
Jo Lami? I have been
making my calculations

That I should get through
& start by the first of Jan-
-but time papers & I progress
slowly - Austria Route is
by necessity, my motto -

I wish you would say
to Mr Spence that I wish
he would get the lumber
for a ring to that house,
18 ft each way & of the
same height - with two floors
^{three} two doors three windows, the
lumber for a stair way if he
can do so without knowing
the exact position of the stairs.
They will be in the ring, & have
a landing ^{place} & I should be
