MEMO

To: Dan VanOttten, Oregon Housing and Community Services

From: Jerralynn Ness, Executive Director

Subject: **WCCAO Farmworker Report**

As we put this report together, we realized that we did not have written documentation of the farmworker allocation for all of our grants. We would like to have verification that the following figures are correct for WCCAO for the 1993-95 biennium:

<u>Source</u>	<u>Total</u>	<u>Farmworker Allocation</u>
CSBG	\$319,276	\$57,690
Homeless	\$436,830	\$68,922
PVE	\$106,802	<del>\$22,382</del> \$11,067
DOE/LIEAP	\$707,640	<del>\$107,432</del> \$63,692

*1,570,548*  
*201,391*

Enclosed, you will find the following information:

1. A complete statistical and narrative summary report of WCCAO's farmworker services and activities.
2. A set of state reports on the above listed grants for this biennium period, some of which have been corrected.
3. A completed addendum report, using the form you sent to us on 1-20-95.

The reason for the narrative summary is that the current report forms don't allow for this kind of information and the new form was limited to non-State grant funded programs. As we go through our review of the implementation of the farmworker policy, perhaps we will come up with some better ways to report ~~out~~ what we're doing.
