Governor Victor Atiyeh
796 Winter Street, N.E.
Salem, OR 97301

Dear Vic:

I returned late last week from my trip, my only regret being not able to join you on yours. While in Riyadh I spent most of my time with Amr Khashoggi who is looking forward to your visit.

The Khashoggis will be hosting a reception for you and your party on the 19th. We have advised Amr to contact Ed Reuse after his arrival for final arrangements. The enclosed article from a recent copy of the Mid East Business Exchange on your host in Riyadh will be of interest to you for background information.

As I told you, Amr has established a company office, Nagha, Inc., in Lake Oswego. This company, directed by David Scott whom you have met, acts in a consultant position to companies desirous of marketing their products in the Middle East. David will be in Riyadh while you are there. A partial list of these companies includes:

- Zebtron International Corp. - Tualatin - Polyurethane Coatings
- Unique Computer - Hillsboro - Arabic Computers
- Gerber Blades - Portland - Knives
- Adel Medical - Portland - Hospital Beds
- Gaylord Industries - Portland - Cleaning Agents
- Global Manufacturing - Portland - Plywood Specialties
- Dulas Nursery - Canby - Poplar Trees
- Cornell Pumps - Portland - Water Pumps

We at Intracor have furnished products from Oregon to Saudi Arabia for various projects including the handrails in the beautiful Riyadh Airport. A list of our projects is also enclosed.

Your visit to these countries will surely be beneficial in developing closer personal ties which in time will result in economic success. Have a good trip - just smoke camels, don't ride them.

Regards,

I N T R A C O R

W. L. Havens
President
